

TOURNAMENT RULES

- ❖ Matches consist of best 2 out of 3 games. The winning team moves on in the winner's bracket. The losing team moves to the loser's bracket. A team from the loser's bracket still has an opportunity to win the tournament.
- ❖ To get things started, a flip of coin, Rock, Paper, Scissors, or spin the bag will determine which team gets to choose whether they want to throw first or which side they want to start from. If Team A wins the coin toss and chooses to throw first, Team B will get to choose which side of the board they will stand on for the first game.
- ❖ Partners stand on the opposite ends facing each other. This means that one player from Team A will throw from the right side of the board on one end and their partner will be throwing from the left side of the board on the other end.
- ❖ For the second game, players will just switch sides of boards with the opposing team. If a game 3 is necessary, each player will simply switch ends with their teammate. Do not switch sides again.
- ❖ You cannot step past the front edge of the boards.
- ❖ Throwing out of turn is a foul. The bag that was thrown when the foul occurred does not count and is immediately removed from play. The opponent will then throw two bags to get play back into the correct rotation.

SCORING:

- Bag on Board = 1 point, Bag through Hole = 3 points
- Bags that hit the ground prior to landing on the board or going into the hole do not count
- Any bag hanging off the board and touching the ground does not count
- Any bag hanging in the hole only counts as 1 point
- Cancellation scoring is used at the end of each round. After all 8 bags have been thrown; the score is calculated based on the bags that remain on the board and have gone in the hole. If Team A has 4 points and Team B has 3 points, Team A will get awarded 1 point.
- A game is played to 21+. There is no win by 2 or bust rule for going over 21
- The losing team throws first for the next game.
